

Load 2 shuttles using the CTM(continuous thread method)

\*R(A): 4-4, clr, rw

CH: 3-3-3-3, SLT

R(B): 4-4, clr, do not rw

CH: 3-3-3-3, rw

R(C): 4+(to p of 1st R made)4, clr, rw

CH: 3+(to last p of prev CH)3-3-3-3, do not rw

R(D): 4-4, clr, rw

CH: 3-3-3, SS

R(E): 4+(to same p of 1st R made)4, clr

CH: 3-3-3-3+(to p of adj 2nd to last R made)

CH: 3-3-3-3, SS

R(F): 4-4, clr

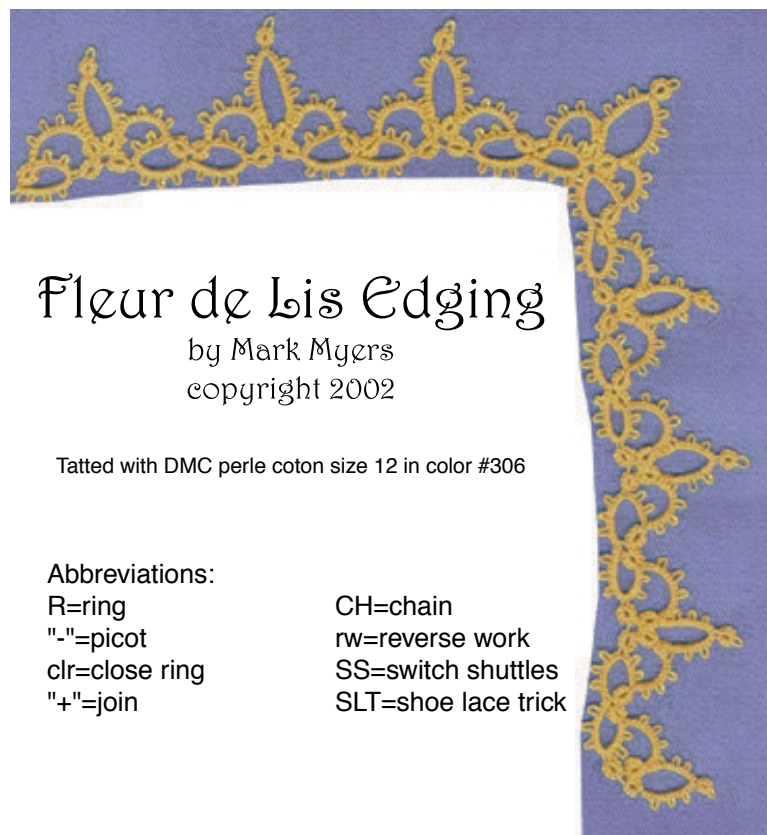

CH: 3-3-3, rw

R(G): 4+(to same p of adj 2nd to last R made)4, clr, do not rw

CH: 3-3-3-3-3, rw\*

This complete one revolution of the pattern. Repeat from \* to \* for desired length. Tie and work in ends.

If you are turning a corner, you eliminate Rings F and D and join by the chains. Refer to the picture.
